

Social Networking

EYFS: 3.1-3.8

Social media is becoming a large part of the world we live in and as such at Kabuki Childcare Centre we need to make sure we protect our children by having procedures in place to ensure the safe use.

We use Facebook, Twitter and Instagram to share posts, pictures and videos of the experiences/activities the children have accessed at nursery, as well as to post updates/reminders and links to the best practice.

In order to safeguard children we ensure:

- We have prior written permission in place from parents before posting any images of children
- Only the designated person or management can post on our social media pages
- We have a closed page which only parents and others who have been invited to join the group can view and comment on the posts
- We have separate permission to use any images for any open public pages that we use for marketing purposes
- We monitor comments on all posts and address any concerns immediately.

Staff use of social media

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the nursery, nursery staff, parents or children.

- When using social networking sites such as Facebook or Instagram we ask staff to only promote the business in a positive manner. Any social media post that is not within the nurseries interest we ask staff to:
 - Not to name the setting they work at
 - Not to make comments relating to their work or post pictures in work uniform
 - Not to send private messages to any parents or family members
 - To direct any parent questions relating to work via social networking sites, to the manager
 - To ensure any posts reflect their professional role in the community (e.g. no inappropriate social event photos or inappropriate comments i.e. foul language)
 - To report any concerning comments or questions from parents to the manager or designated safeguarding lead

- To follow the Staff behaviour policy
 - Not to post anything that could be construed to have any impact on the nursery's reputation or relate to the nursery or any children attending the nursery in any way
 - To follow this in conjunction with the Whistleblowing policy.
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

All electronic communications between staff and parents should be professional and take place via the official nursery communication channels, e.g. work emails and phone numbers and via Iconnect. This is to protect staff, children and parents.

Parents and visitors' use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publically or privately, information about any other child on social media sites such as Facebook, Instagram and Twitter. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents **not to:**

- Send friend requests to any member of nursery staff
- Screen shot or share any posts or pictures from the nursery on social media platforms (that contain other children than your own in the pictures)
- Post any photographs to social media that have been supplied by the nursery with other children in them (e.g. Christmas concert photographs or photographs from an activity at nursery).

We ask parents to:

- Share any concerns regarding inappropriate use of social media through the official procedures (please refer to the partnership with parents policy, complaints procedures and grievance policy).

This policy was adopted on	Signed on behalf of the nursery	Date for review
